

FRENCH DEBTS  
PROSECUTE  
INDUSTRY AND BUSINESS ARE BEING STRANGLING

Industry and Business Are Being Strangled  
by High Interest Rates and by High  
Taxes, Declares U.S. Solon

"Industry and business are being strangled by, by debt, by high interest rates and by the high taxes which are being raised in an attempt to carry those debts."

Such is the statement of U. S. Senator William E. Borah, one of the most outstanding thinkers in North America. The world must make a precedent to property, and in those adjustments the United States, as chief creditor nation, must take the lead. They are:

- 1—Reparations. (These have been scaled from 23 billions of dollars down to 130 millions.)
- 2—The world's 100 billions of debts must be reduced. Attempts of action is forcing United States citizens and business into debt.
- 3—Present armaments impede civilization, and must reduce with debts. Fifty-five cents of each European tax dollar goes for war, past and future.
- 4—United States must lead world in restoration of a gold and silver standard, and in immediate recognition of economic unity of new world family.

Senator Borah gave his masterly summary in an address to the Foreign Policy Association of United States. The association itself is a leader in the more advanced United States school of thought which is convinced that the day of economic isolation is past and that United States must now guide her policy in line with world trends.

The Edmonton Bulletin today reproduces the address in full for the benefit of the public, which is vitally affected by the view it discusses.

"UNECONOMIC, INTOLERANT POLICIES"

It is probably one of the mightiest surveys of the world ever to be condensed into such a small space. It holds out an unflinching prospect to a world which is ready to adjust "the uneconomic, intolerant, ruthless policies coming out of the Great World War and still carried on as if the war were still in progress."

This is a man-made depression. God has not visited us with famine or flood; nature has everywhere been generous and kind and patient. There is reason for this depression, as I believe, except the unwise and violent policies of the world today. They are the policies which have been pursued here as well as would have wrecked and demoralized the Kingdom of Heaven.

Ability to recognize world civilization is what is sticking people, says Borah. And that is the reason it is carrying its tremendous load of debt.

That is the reason it presents a picture of strangling itself with one hand while it attempts to feed itself with the other.

ADJUSTMENTS BEFORE PROSPERITY

Here in a few sentences are the powerful conclusions he presents. The adjustments of reparations, debts and armaments, the question of the restoration of the gold standard through the world in order that we may have a stable exchange, the restoration of silver in the "Great Area," ARE CONDITIONS PRECEDENT TO A RETURN OF PROSPERITY.

"I cannot see how it is possible for the North American farmer to market the products of his farm and I cannot see how the North American manufacturer can find markets for his manufactured goods, with the world upturned, with an impoverished and tax-ridden people, with the purchasing power everywhere on the decline."

"I take the position that these (war) debts are simply economic factors to be utilized in the interest of the American people. They are not to be made into a fetish. They are not things to be worshipped. They are economic facts to be exchanged for other economic facts if economic facts are more valuable to the American people."

"I am told that I say that, it is asking the American people to pay for the war. Well, friends, they are now paying for the war. You have been paying for the war ever since it ended. You will continue to pay for it. In my judgment, you will pay for it."

These international problems cannot be adjusted.

"It is said by such men as Professor Fisher and Doctor Warner that this depression has cost the American people about 2,400,000 families. These families are now dependent on relief."

Senator Borah's address follows in full.

America And  
The World Crisis

LADIES AND GENTLEMEN: This splendid audience has a deep interest in the great problems now confronting the American people. I thank the association of the University and the Foreign Policy Association for this opportunity to discuss these problems.

We are now at the end of three years of an economic depression unprecedented in our history. We have had other depressions but none so world-wide and none so devastating. The present depression cannot be overestimated. It would be difficult to exaggerate their seriousness. It is an hour of difficulty and danger. People are losing their homes, their families enjoy no profits, and we are now right or ten million people in this country unemployed. What if all means in human endeavor, in army or navy, in industry, in any of our departments, should, no words are adequate to describe the situation.

Should we approach another winter without some change for the better, the situation of this country will be exceedingly serious. How serious, here alone can reveal.

My study of this depression leads me to believe that our property is being destroyed, that the economic problems we have tried to solve, but have failed to solve, are far more serious than we have realized.

I believe that we must go back to the source of our troubles and deal with the things which brought this depression upon us. I believe that we must have a permanent upward trend except through the solution of some of the problems, if not all, coming to us from the Great War.

I can not see any marked and permanent rise in the price of money, or the restoration of confidence necessary to the rebuilding of our economic prosperity. I believe we have failed successfully in these post-war problems. I believe that our unemployment except through some of the problems, if not all, coming to us from the Great War.

China yesterday interested me. I was in the city of Shanghai, and I saw the situation of the city. I saw the situation of the city. I saw the situation of the city.

China yesterday interested me. I was in the city of Shanghai, and I saw the situation of the city. I saw the situation of the city. I saw the situation of the city.

China yesterday interested me. I was in the city of Shanghai, and I saw the situation of the city. I saw the situation of the city. I saw the situation of the city.

China yesterday interested me. I was in the city of Shanghai, and I saw the situation of the city. I saw the situation of the city. I saw the situation of the city.

China yesterday interested me. I was in the city of Shanghai, and I saw the situation of the city. I saw the situation of the city. I saw the situation of the city.

S.S. L'Atlantique En Route to Harve for Annual Renovation When Fire Occurred—Believe Blaze Started in Radio Cabin

CHERBOURG, France, Jan. 4.—Captain Schoof, master of the French liner L'Atlantique, reported tonight that 30 of his crew were killed when the vessel was destroyed by fire in the English Channel today.

Some were burned to death and others were killed getting off the ship, he said.

It was the men in the boiler room who were burned to death, he told port authorities. Others were overcome by smoke before they could escape.

The liner L'Atlantique, 4,000 tons at 225 metres long, was launched in September, 1917, at a cost of \$12,000,000. It was the pride of the French liner company.

It had only made 10 trips.

ENROUTE TO HARVE

It was enroute to Harve for an annual renovation when the fire occurred.

It was reported the crew of L'Atlantique took to the sea in boats at six a.m. The failure of L'Atlantique to make its 11th trip was due to the fact that the vessel was damaged by fire in the English Channel.

# New Gold Ore Zone Bids Stampede

## 2,000 Claims Are Staked At Island And God's Lake

Rush to Record Swamps  
Manitoba Office—New  
Survey Ordered

WINNIPEG, Jan. 4.—Manitoba's newest mineral fields, God's Lake and Island Lake, 300 miles northeast of Winnipeg, where hundreds of prospectors seek wealth this winter, attracted attention early Tuesday. Two thousand claims have been staked in the two mineral areas and the rush to record these has stamped the Manitoba Mines Branch offices. Tuesday it was announced a survey would be made in a day or two.

Survey eyes, under the direction of R. G. Barendse, will be taken in by airplane, and all claims will be accurately plotted, mapped and recorded before spring. The first of the surveying contingent left the air base at Lac du Bonnet Tuesday travelling in a forestry plane which also carried supplies and surveying instruments.

Simultaneously the suggestion came from Theo. Kipp, chairman of

the Manitoba Industrial Development board, that unemployed single men be placed in the north in exploration work on Manitoba gold properties.

It suggested the formation of a government-owned corporation, working on a co-operative basis, which would control all rights, lease and claims on which work is to be done.

Properties on which work is to be done would be selected by mining experts from the many prominent staking in Manitoba's gold districts and the title transferred to the corporation, which would be remunerated by giving them a share of the net obtained from the gold produced on their claims.

Labor Women Join Struggle For Birth Control Clinic

Many Organizations Elect Officers This Month

Dealing with points brought out by Dr. J. C. Conn at a meeting on "Birth Control," Mrs. I. G. Ringwood spoke on the subject of a meeting of the Women's Canadian Labor Council in the club room on Tuesday evening. She also referred to certain phases of the subject, which were discussed by other speakers at the recent meeting of the Local Council of Women.

Mrs. Ringwood strongly urged the women to demand the repeal of that section of the criminal code which prevents medical men from giving out necessary knowledge on birth control, except in special cases. She said that economic freedom was essential before the desired results could be obtained. She said that the council discussed Mrs. Ringwood's interesting talk.

Mrs. P. C. Hepburn, vice-president of the United Farm Women of Alberta, was present at the meeting, stated that the U. F. W. A. has made a special study on the subject of birth control during the past year and a report would be presented at the convention in January. She said that the women would be available to women desiring it and stated that the farm women were asking for it.

It was pointed out that Holland was the first country to give birth control knowledge to its people and clinics were set up by the government in that country.

The council endorsed the American Civil Liberties Union, a so-called "birth control" society, which they intend to present at the next social gathering. It was suggested that progressive groups in Canada might consider the U. F. W. A. as a model of the United Farm Women of the United States, as such organizations are not only for the women, but also for the men.

Mrs. James Young was appointed chairman of the social gathering which is composed of Mrs. E. J. Young, Mrs. A. W. Wright, and Mrs. A. E. Wright was named as secretary of the committee.

The resolution on state indecency was amended and will be re-submitted to the Local Council of Women. The next educational meeting will be held on Tuesday, Jan. 11, at the home of Mrs. George Latham, 1115 11th street.

The new president, Mrs. Ben Hagar, was in the chair.

Bewitching

When the hollyhocks bloom in my garden, and the leaves are green, I shall remember that winter winds blew, and a Christmas greeting, "May these and many more of you be happy and healthy in the new year." Time was when hollyhocks were considered a weed, and many people were afraid to plant them. But now they are considered a beautiful flower, and many people are planting them in their gardens.

Red and pink and white they will stand in graceful array along the garden wall. Green leaves will stretch lazily up to the flower bed and it will seem far from the time when white only had heavily there. But when one sees the flowers grow, and the colored blossoms light up, they hang upon the stems and one will remember that Christmas wishes brought the hollyhocks.

Mrs. Priscilla Hammond and Miss Loh have returned from "suff" where they spent Christmas holidays at the Igloo, their mountain home. Mrs. Hammond will return on Saturday, and Miss Loh will return on Sunday. They will remain in the neighborhood for a short time before returning to Edmonton.

Miss Sylvia and Miss Louise Evans have returned from Banff where they spent Christmas holidays. They will remain in the neighborhood for a short time before returning to Edmonton.

Miss Grace Wright of Calgary has the honor of being the first woman to be elected to the position of president of the Women's Canadian Labor Council.

Mrs. C. S. Corbett entertained at dancing at her home in honor of her daughter, Miss Olive Matthews. Mrs. Corbett and her daughter were the guests of Mrs. Loh and Mrs. Loh's daughter.

Mrs. and Mrs. Stanley Beck have returned to Calgary after being away for a short time. They were the guests of Mrs. and Mrs. Loh.

Mrs. and Mrs. Thomas Stevenson and their daughters, who have been visiting Mr. and Mrs. A. Talbot, have returned to Calgary.

Calendar

St. Andrew's Presbyterian L.A. meeting Thursday at 8:30 p.m. church.

W.A. of L.L.U. meeting at the home of Mrs. Fred Brown, 11607 37th street, on Saturday, Jan. 6, 8 p.m.

Westward Ho! Chapter I.O.E. meeting Thursday at 8:30 p.m. at the residence of Mrs. Alice, 1023 18th street.

Randle Young People's Society meeting Thursday at 8:30 p.m. at the home of Mrs. E. J. Young, 11607 37th street.

Edmonton Branch, Canadian Women's Press Club, holding annual meeting at the home of Mrs. Loh, 1023 18th street, Saturday, Jan. 6, 3 p.m.

Erskine United L.A. meeting in Erskine hall Thursday at 8:30 p.m.

"N" Notebook

Regular gymnasium classes will be resumed at the Y. W. C. A. on Thursday.

Engagements

Mrs. Shuter announces the engagement of her eldest daughter, Anne, to Mr. Harry Perry of the University of Alberta.

Know United church W.A. at the annual meeting of the church last week. The treasurer's report showed that the church had received \$1372.50 for the year. Mrs. W. H. Duncanson spoke at the meeting, and the business was then closed.

Knex W.A. have a good financial year. Reports of the year's activities were given by the group leaders.

# Calgarians, Loyal To Their City, Flood Treasury in Tax Pre-Payments

## Virtually All Hope Of Bank Aid Given Up By Civic Heads

### Still Adamant on Paying \$300,000 Exchange Rate to U.S.

CALGARY, Jan. 4.—Calgary city fathers found loyalty today in their financial crisis.

Still adamant against paying \$300,000 in advance United States exchange rate on debentures despite the threat of the Bank of Montreal all credit would terminate, the city stood firm on its decision. To assist yesterday some 200 taxpayers with \$100,000 in taxes not required to be paid until June 1.

Through the mail today more cheques were arriving, and before the day is over many more thousands of dollars in prepaid taxes are expected at the city treasurer's department.

Last year prepayment of taxes totalled approximately \$500,000.

Because of the financial crisis growing from lack of credit, Mayor Andy Davidson and his advisers were hopeful the prepayments would exceed the 1931 amount.

### LEGAL ACTION UNDEVELOPED

Payment of debenture issues exceeding \$2,000,000 to outside holders of bonds in Canadian funds was proceeding. Legal action by some of the bondholders against the city is undeveloped.

Civic officials, because of maintaining their stand to refuse to meet exchange charges, gave up virtually all hope of bank assistance in obtaining funds to maintain city services but the tax payments aided operations for several weeks.

Payment of the principal and interest on the debenture issue was being tendered in New York and elsewhere in Canadian funds, without the added premium of advance United States exchange charges. So far as the city officials were aware, payment in Canadian funds was being offered and accepted.

A lengthy day of negotiation left the city firm in its stand against responsibility for payment of advance exchange rates in meeting debenture obligations and brought from the new 1933 city council confirmation of the stand taken by the outgoing aldermen.

### EFFORTS SNATCHED AWAY

The city's efforts to win from the Bank of Montreal sufficient parallel to that meeting.

### credit to operate for the early months of 1933 were snatched away as Mayor Andy Davidson expressed hope of success. But the action of taxpayers filled the need temporarily and left the city in possession of the city treasury's funds with bank officials.

Called to consider the whole situation, the new council debated the debenture payments and the financial requirements of the city. Three bylaws were debated. They covered \$445,000 to complete the current debenture payment in Canadian funds, \$100,000 for relief purposes in January and February, and \$750,000 to bolster general revenue received in the early part of the year.

The city late Saturday obtained \$750,000 from the Bank of Montreal to complete the debenture payment in Canadian funds, making consideration of this bylaw a formality.

NOT TOO LATE

In a letter to council, the bank officials pointed out it was not yet too late for the 1932 bond to yet the stand of the outgoing council and meet the exchange payments. This, the situation refused, confirmation was made the bank would decline further aid.

Negative refusal of the federal government offer of aid was based on rejection of a similar offer of a loan by the bank. The federal offer was submitted to Mayor Davidson by Premier J. E. Brownlee of Alberta. The Alberta premier said the Dominion was prepared to loan the necessary \$300,000 on one year treasury notes bearing 3 1/2 per cent interest.

### DENY BRITAIN TO SEND COMMISSION ON DEBTS TO U.S.

LONDON, Jan. 4.—Reports in a newspaper today that Great Britain plans to send a war debts mission to the United States soon were denied in authoritative quarters.

The next developments in the debt situation, it was explained, may be expected after an exchange of views through diplomatic channels which may take weeks.

Operations on a commercial basis, which eventually will become a part of the projected World Economic Conference for 1933, will be carried out in accordance with that meeting.

## Slew Mate's Aide

Declaring that she did it "to protect my home and to prevent two of my sons from killing her," Mrs. C. R. Frazer (shown in cell) is said by police to have confessed the fatal shooting of Miss Muriel Murrell (inset). Mrs. Frazer is the wife of the federal narcotics agent in charge of the Jacksonville, Fla. office, and Miss Murrell was his secretary. The slain girl was well known as an expert swimmer and member of the Red Cross life-saving corps.

## STABILIZER GAS GOING TO WASTE

CALGARY, Jan. 4.—Every 1,000 cubic feet of "stabilizer" gas going to waste in Turner Valley contains approximately five gallons of benzene, an anti-knock for gasoline.

These preliminary results of experiments conducted by Dr. E. H. Bohrer, of the University of Alberta, and Paul Guzik, instructor of the Institute of Technology and Art here, were disclosed Tuesday by Mr. Guzik.

The experiments were incomplete, he said, but the indications were well established.

Operations on a commercial basis, which eventually will become a part of the projected World Economic Conference for 1933, will be carried out in accordance with that meeting.

## Red Deer Scouts Extend Good-will Work Into North

RED DEER, Jan. 4.—The Toy Shop conducted annually by the Boy Scouts of Red Deer handled more this year, and served a wider territory than ever before in the years since its inauguration. Sixty-eight parcels of renovated toys went out from the workshop, bringing Christmas cheer to large numbers of children in needy homes.

The boys are greatly aided every year by the wholehearted support of merchants, private citizens and other welfare organizations. This season T. A. Wilshire provided headquarters for the shop in the vacant store next to his own premises.

Scoutmaster H. E. Calverley was at the head of the Toy Shop, assisted by F. A. Wood, with children and younger Scouts doing the actual

## BANDIT FOILED BY TACTICS OF RUGBY PLAYER

### Russians Supply Lumber Order At \$18.50 Thousand

### Bank Robber Tackled and Thrown—Police Do Rest

CALGARY, Jan. 4.—In real rugby style, C. F. Campbell, manager of an antique store, felled a bank hold-up here yesterday when he brought the would-be bandit down with a flying tackle. The bandit had robbed the west branch of the Canadian Bank of Commerce and was fleeing with \$700 when Campbell broke into the play.

The gunman, who said his name was Roman Yik, 23, a vesting in jail awaiting court appearance. He brandished an old-fashioned nickel-plated revolver in the robbery of the bank.

Two courageous bank employees tackled the gunman and refused to hand over cash when he threatened them with the gun. The bank teller, E. J. A. Archer, when asked to hand over the money told the robber he could "come around and get it."

A clerk, H. F. Critchley, pushed a finger into the face behind the bandit who became frightened, grabbed what money was near him and dashed through the door.

Critchley followed on his heels. Campbell saw the gunman speeding down the main street and with a fine burst of speed overtook him and brought him down with a flying tackle around the knees. Critchley then appeared and grabbed the man around the neck. The revolver exploded twice during the struggle but no one was injured.

The bandit was taken to the hospital and turned over to police by Campbell and Critchley.

### VOLCANOS ACTIVE

TEHUACAN, Jan. 4.—The volcanoes Llaima and Quinquimay have become active, erupting smoke and ash.

Collecting of the toys. The repair work fell to the older Scouts, Johnnie, Bob Langley, and George Norris. Phil Gordon with some older fellows of the city, Lennox Taylor, Norman Murray, George Russell giving great service. The workers were paid to be rewarded of one item—the dressing of the dolls. The Girl-Guild and a number of business girls coming to their rescue here.

Howard Moren is just about the best center player in the history of hockey. He started out as a goalie. The trick proved too hard for him. It took him some time to learn the game. He transferred to forward position.

### Contracts to Deliver Dimensions to Great Britain

MONTREAL, Jan. 4.—The price at which Russia has contracted to deliver 700,000,000 feet of lumber to Britain. Distributors limited of Great Britain during 1933 is \$18.50 per 1,000 feet for seven-inch width and \$20.00 per 1,000 feet for nine-inch width. H. R. MacMillan, president British Columbia lumber exporters, stated here today. He said he had received a cable to that effect.

The rates, he said, were the same as those quoted to the same company last year and apply to white wood. The price of red wood, of which none is available from Eastern Canada, had been raised 4.00 cents per 1,000 feet, he added.

A commitment of one dollar per 1,000 feet was payable to the British company, Mr. MacMillan added.

On the contract the committee would be \$870,000, "so attractive that the British company would hardly be expected to turn it down."

"There is no reason for Canadians to throw in their hands," Mr. MacMillan said. In the face of a similar if smaller competition last year from Russia Eastern Canada did some business in the United Kingdom.

"It is up to Eastern lumber interests to unite against this 1933 competition and work in every way possible to meet it."

Hyperstole, daughter of Son-in-law and owner of Mrs. Chester Beatty, created quite a surprise by winning the Manchester November handicap at box or figure odds.

Bred in England, Hyperstole, as a yearling was sent to Egypt and raced in that country twice as two-year-old. The filly was unknown in England until last August, when it was a small event at Brighton. Hyperstole evidently thought "was much nicer to go ploughing through the mud at Manchester than through the sand at Cairo."

Howard Moren is just about the best center player in the history of hockey. He started out as a goalie. The trick proved too hard for him. It took him some time to learn the game. He transferred to forward position.

Over one thousand mining claims have been staked during recent prospecting activities in northeastern Manitoba.

### WATERWORKS TO GET RESERVE FUND

DRUMHELLER, Jan. 4.—A waterworks reserve fund will be opened by Drumheller city council in 1933 for the purpose of accumulating a reserve of \$40,000, plus future profits made by the waterworks department, the city council last night decided. The fund will be used to pay for the waterworks system was rapidly getting into a state of disrepair and it was not out of the realm of possibility that heavy expenditures would be necessary within the next few years. It would be virtually impossible to float a bond issue for each work at the present moment. Council E. G. Woods was the only member to voice objections, saying that if there were any surplus, it was better to be capital expenditures out of current revenue. The by-law was finally adopted with Councilor Woods dissenting.

### Fire Does Damage To Billiard Hall

When making the rounds of his beat at 2:30 a.m. Wednesday Constable Neil Taylor, stationed through the door of the billiard parlor in the adjacent of the Ruddy's block, 9171 Jasper avenue, and saw that the place next to the east wall was on fire. Taylor rang an alarm and rushed to the scene.

He found the janitor of the block.

Tools and equipment from number two hall responded and brought the blaze under control before much property damage had been done.

That the flames had their origin in a lighted cigarette thrown down by a careless motorist was charged but damage was light.

Fire Chief Albert Dutton stated that the flames had their origin in a lighted cigarette thrown down by a careless motorist was charged but damage was light.

The U.F.A. executive will meet at 8 o'clock on Jan. 5 to complete plans for the play.

The only player to make a triple play unassisted before the turn of the present century in baseball was Paul Hines of Providence, who turned the trick in 1878. Although credited with it, it appears that he was only one of many major league players who made one.

## PROBLEMS TO BE DISCUSSED U.F.A. MEET

### Attempt Will Be Made To Grapple With Economic Situation

When the annual United Farmers of Alberta convention opens at Calgary on January 11, there will be made an extended and comprehensive attempt, by way of discussion and resolution, to grapple with some of the more perplexing problems facing the world today.

The majority of the resolutions thus far submitted to the executive for discussion in convention have to do with the economic situation, debt and currency, nationalization of natural resources and other basic questions form, the chief subjects.

Readjustment of debts in accordance with altered price levels of farm products is sought in resolutions from the Sodala-Naco Rally Association and Waterfront and Canada Provincial Associations.

The last-mentioned ones "that the government interview the marketing companies and try and get the principal and interest on farm mortgages reduced to a level with the present price of the product."

### AMERITATION BOARD

An arbitration board to re-value mortgaged property and to apportion the losses caused by deflation on a fair basis, is suggested in a resolution from Vermilion.

Wetaskiwin provincial asks for protection for farmers against seizure and evictions. This association also suggests that local should be shorted sheriff sales and use "any other peaceful means" to this end.

Many other resolutions dealing with these and kindred subjects are on the agenda.

It is expected that the convention will draw between 400 and 500 delegates.

The U.F.A. executive will meet at 8 o'clock on Jan. 5 to complete plans for the play.

The only player to make a triple play unassisted before the turn of the present century in baseball was Paul Hines of Providence, who turned the trick in 1878. Although credited with it, it appears that he was only one of many major league players who made one.

HUDSON'S BAY  
OFFICIALS TO  
MEET IN CITY

High Officers of Company  
to Hold Conference

Thursday

High officials of the Hudson's Bay Company in all sections of the west will meet in Winnipeg and the city on Wednesday for the annual two-day conference opening here Thursday.

P. A. Chaffey, Winnipeg, general manager in Canada for the Hudson's Bay Company, arrived here Wednesday morning, accompanied by J. H. Deane, building superintendent, and F. F. Martin, controller of the company.

It is expected that Mr. Allan will be in the city on Wednesday morning in time for the opening of the conference. Mr. Chaffey, who was also present at the annual meeting of the company's executives to hold an annual conference at one of the points represented by the company. Last year, Calgary was the venue of the conference.

MARTIN KANE,  
CITY PIONEER,  
BURIED HERE

Service in Home Short and  
Simple, But Im-  
pressive

Attended by relatives and friends who gathered to pay a last tribute to a business pioneer who was also prominent in sports and Masonic circles, the funeral of Martin Kane, 64, 1117 9th avenue, was held from the family home at 1 p.m. today. The deceased came originally from the west and had spent more than half of his life in the dominion. Kane was buried at 2 p.m. in the St. Mary's cemetery. Kane was a pioneer in the city and was well known to many of the city's residents. He was a member of the St. Mary's church and was a prominent figure in the community. His funeral was held in a simple but impressive service. Kane was a man of many talents and was a pioneer in many fields. He was a man of great character and was a true pioneer of the city. His death is a great loss to the community. Kane was a man of great character and was a true pioneer of the city. His death is a great loss to the community.

Allege Desertion  
In Divorce Suit

Alleging that he has been deserted since 1924, when his husband left her in Regina while he went to Calgary to work, Mrs. Kane is seeking a divorce. Kane was a man of great character and was a true pioneer of the city. His death is a great loss to the community.

# Motherwell Advances To Tie For Leadership Of Scottish First Division

## MANVILLE ICE SQUAD TAKES CLOSE MATCH

### Starts New Year With Win Over Irma Sextet

MANVILLE, Jan. 4.—Manville hockey team traveled to Irma to start the new year with a return game with that team and had the satisfaction of starting the new year off with a win by a score of 3-2.

The game started off rather with a bit of ice going, but after one minute and a half E. Robb of Manville, who had been on the ice and, in coming in from his own goal, was checked and Manville for Irma got a soft goal. After six minutes of play, Manville scored in the second period, but made a mistake about what was expected of him and tied up the score.

Five minutes later, Spud Croft, who was used by Irma, scored a goal and put Manville one up. The game continued without further play, but after five minutes of play, Manville scored a goal and put Irma one down. The game continued without further play, but after five minutes of play, Manville scored a goal and put Irma one down.

**BURCH SCORES AGAIN**

The second period started off fairly after a five-minute intermission, play speeded up and 11 minutes after the period started, Norman Burch again scored the twice. Manville in the third period, a goal of being two goals up.

The third period started off fairly fast with three-man rushes, but after five minutes of play, Manville scored a goal and put Irma one down. The game continued without further play, but after five minutes of play, Manville scored a goal and put Irma one down.

**GOALIE SHINES**

Of the Manville team it would be hard to single out one player for starting honors, but Bennett in goal stepped into a lot of trouble and gave a great game while on the ice. Nelson Cuddeback on defense put up a great game while on the ice. Nelson Cuddeback on defense put up a great game while on the ice.

## In Steel Wings

Miss Helen Bink, American woman speed skating champion, flashes before you at top speed as she trains for winter ice events on an ice-dial lake near Chicago.

Under the direction of Joe Matthews, all events were run off without a hitch.

The first hockey game between Battle River and Anna, resulted in a 4-4 tie. This was a hard-fought battle featuring the heavy hitting, checking, and was fairly even all the way through. Battle River had the edge on the play, but was unable to take the Anna goal. This was a keenly contested match filled with speed and thrills which kept the two hundred fans that gathered to witness it on their toes all the time.

**HAVE DECIDED EDGE**

Hughenden had a decided edge on the play in the first period and scored two goals while holding their opponents at bay. The first goal came in the second minute when Hughenden took a shot from the left side of the net and it went in.

**WINTER SPORT MEET SUCCESS AT HUGHENDEN**

Hockey Games and Boxing Program Are Enjoyed by Big Crowd

HUGHENDEN, Jan. 4.—Hughenden's winter sports meeting consisting of two games of hockey, a boxing card and a dance, held December 28, and over with a large attendance.

**WILL SETTLE TITLE TANGLE OF FEATHERS**

Tommy Paul Will Battle Chocolate Next Month For World Honors

NEW YORK, Jan. 4.—(Special Telegram) The title tangle of the world featherweight championship is going to be settled by a fight between Tommy Paul Will and Chocolate next month.

**MACK IS LAST OF OLD GUARD STILL AROUND**

Olds Hockey Squad Downs Ponoka Team

NEW YORK, Jan. 4.—John Mack, the last of the old guard of the hockey world, was seen in action for the first time in a long while when he played for the Olds Hockey Squad in a game against the Ponoka team.

**Might Have Set Record Big Six League Leaders But His Athletics Score Tipped Up**

## WINTER SPORT MEET SUCCESS AT HUGHENDEN

Hockey Games and Boxing Program Are Enjoyed by Big Crowd

HUGHENDEN, Jan. 4.—Hughenden's winter sports meeting consisting of two games of hockey, a boxing card and a dance, held December 28, and over with a large attendance.

**HAVE DECIDED EDGE**

Hughenden had a decided edge on the play in the first period and scored two goals while holding their opponents at bay. The first goal came in the second minute when Hughenden took a shot from the left side of the net and it went in.

**WILL SETTLE TITLE TANGLE OF FEATHERS**

Tommy Paul Will Battle Chocolate Next Month For World Honors

NEW YORK, Jan. 4.—(Special Telegram) The title tangle of the world featherweight championship is going to be settled by a fight between Tommy Paul Will and Chocolate next month.

## STOCKS—BONDS—FOREIGN EXCHANGE

WHEAT PRICES  
CLIMB: CLOSE  
1-7-8 HIGHER

WINNIEP, Jan. 4.—A better feeling all around appeared in trading on the grain exchange today and wheat prices climbed steadily to new 1-7-8 higher for the day.

May closed at 41½ and July at 41½. Greater demand developed in the wheat of heavy export, and interest being particularly noticeable in this class and a little export were further factors in strength.

May wheat was up two cents at the high point with a good volume of mixed wheat in progress. Export sales were just but not as improved as the domestic market. Wheat and wheat export business was noted.

Chicago interests also came to the support of the market here. May, July and August and Chicago wheat also to some extent compared with a premium of about 1 cent to favor of Chicago wheat recently. This market of the spread has been caused largely by the recovery of the market here and by spread operations involving purchases of wheat here against sales in the south.

Demand for spot wheat, lightness of port stocks and absence of milling pressure accounted for the export's strong reaction. Higher Chicago wheat was frequently better.

Thereabout reported some business in wheat and interest in four boats were proceeding to Albany, N.Y., to take Canadian wheat to European markets. Since the preference ruling does not permit of floating stocks to the west by selling to United Kingdom ports. On the continent American wheat is not very well demanded for it does not appear very well.

"Trading in cash wheat was super with no improvement in the market, but no improvement was seen in cash export grain sales."

## "Barry Stains" English Linoleum Rugs are Lower Priced

Slight Misprints in the Pattern Won't Affect the Wear

Rugs from one of the best known Old Country manufacturers of rugs—made up in Canada. The pattern offered is distinctive, and suitable for dining or living rooms. All sorts of wear in a "Barry Stains" rug. A strong canvas back and a filler of real cork assure years of service. Note these remarkable prices in the JANUARY SALE.
